Electronic Course Evaluation
Basic Training

A quick step-by-step guide to accessing your evaluation results.
Select any of the topics below:

• Accessing Course Evaluations
• Viewing Response Rates
• Viewing Evaluation Results
• Questions?
Accessing Course Evaluations

- Login to the course evaluation website (http://www.baylor.edu/course_evaluations) using your BearID and password.
Accessing Course Evaluations

• You can also access course evaluations through Canvas. Login to Canvas ([http://canvas.baylor.edu](http://canvas.baylor.edu)) using your BearID and password.

• Select “Account” from the menu on the left of the page, then select “Profile”. Select “Course Evaluations” from the menu in your profile.
Accessing Course Evaluations

• You are now at the Course Evaluations & Surveys dashboard.
• If you are both an Instructor AND a student, you can change your role by clicking on the drop-down box in the upper right-hand corner. To view evaluation results you must select the Instructor role.
Viewing Response Rates

- When evaluations are open, the *Response Rate* Tracker on the right side of the page will show the current average response rate for all courses combined.
- You can view response rates for individual courses by clicking *Results > Response Rate Tracker* from the menu bar. Then select the project name (e.g., *Fall 2023 Course Evaluations*) to view response rates for courses in the project.
Viewing Response Rates

- If the evaluations have ended, change the Status drop-down menu to Ended. You can enter the name of the term (e.g., Fall 2023) in the name search box to narrow the results.
- Click on the project name to view response rates for individual courses.
Viewing Evaluation Results

• Once the course evaluation period has ended and reports are available, you can view results for each course by selecting *Results > Project Results* from the menu bar. Then select the project name (e.g., *Fall 2023 Course Evaluations*) to view results for courses in the project.
Viewing Evaluation Results

• From here, you can choose between three different formats for results:
  – **BU Report**: a PDF report with results from the course with the comparison group and comments for free-text items (comments for Likert items are not included).
  – **Detailed Report + Comments**: a PDF report with results from the course with the comparison group and comments for both Likert items and free-text responses.
  – **RAW DATA**: an Excel spreadsheet with one record for each response (no identifying information is included), which you can use to match open-ended comments with evaluation responses.
Viewing Evaluation Results

• If you have multiple courses in a project, you can select a group of courses and generate a Batch Report. This produces either one PDF file containing individual course reports or multiple PDF files, one for each course, in a ZIP file. You can choose to include or exclude the written comments.
Questions?

- Tutorials for accessing results and building reports are provided by EvaluationKit in the Help Center.
Questions?
